TRANSPORTATION

This is to certify that there is no transportation vehicle available with the school i.e. with **Bharat Ratna Atal Bihari Vajpayee Charilam HS School**. Actually, it is a government school and there is no provision of having any vehicle for the regular transportation of students from the end of the school. Besides, the students are coming from a distance which is manageable without any motor vehicle.

The information furnished above is very true after my knowledge and I wish a grand success to this school in every aspect.
